(U) ~~(S//NF)~~ Under DIOG 7.5, Charlotte requests to open a [redacted] Investigation on PETRAEUS based on an articulable factual basis set forth below which indicates a federal crime or threat to the national security may have occurred. (U) ~~(S//NF)~~ [redacted] Tampa Division investigation (288A-TP-74641), which was initiated on 06/14/2012 to investigate computer intrusion and then later cyber stalking. As a result of the investigation by Tampa Division, it was identified that BROADWELL's personal computer contained US government documents which were marked as classified ~~SECRET~~, and that many of the classified documents related to US military operations in Afghanistan in or about the year 2011.

b6  
b7C

(U) ~~(S//NF)~~ On 11/12/2012, the Charlotte Division assisted Tampa Division personnel in conducting a consensual search of BROADWELL's residence [redacted]. The purpose of the search included the search for classified materials maintained by BROADWELL. During the search of the residence, several items were seized to include media storage devices, a computer, an iPhone, paper documents and more. [redacted] data was collected and derived from the electronic evidence as well as several thousand pages of physical documents. Charlotte's initial review of the paper and electronic files identified numerous documents which were marked as classified ~~SECRET~~. These documents and electronic files span almost a decade. To date, Charlotte has performed only a cursory review of the seized materials, some of which is discussed herein.

b6  
b7C  
b7E

~~(S//NF)~~ Subsequent to the search, and as a result of the apparent mishandling of classified documents, the Charlotte Division [redacted]

[redacted] of the classified documents reviewed to date, many relate to U.S. military operations conducted in Afghanistan during the time frame of January 2011 through June 2011. This timeframe is consistent with initially developed information which places BROADWELL in Afghanistan to conduct

research for a biography on then International Security Assistance Force (ISAF) Commanding General PETRAEUS. BROADWELL's authority to travel to Afghanistan and conduct research on PETRAEUS is currently not fully understood. However, initial information indicates BROADWELL traveled into and out of Afghanistan several times during the timeframe of in or about September 2010 through in or about July 2011. This time frame also coincides with the ISAF command for General PETRAEUS. Open source reporting indicated PETRAEUS assumed command of NATO ISAF and U.S. Forces-Afghanistan on July 4, 2010.

(U) ~~(S//NF)~~ The amount and type of potentially classified materials in BROADWELL's possession raises the question of who authorized her to have access to the material and to maintain possession of the documents. It is noted that during an interview conducted under Tampa Division investigation 288A-TP-74641, serial 43, investigated on 09/24/2011, BROADWELL informed the Agents that she considers herself to be PETRAEUS [redacted]  
[redacted]

b6  
b7C

~~(S//NF)~~ Charlotte Division's review to date of the documents and digital data collected from BROADWELL indicates PETRAEUS may have played an integral role in granting BROADWELL access to classified information for the purpose of his biography. [redacted]

The authority for classifying national security information is set forth under Executive Order 13526. Declassification and downgrading of material is outlined in Part 3 of the Order.

(U) Open source reporting, posted to the Huffington Post website on 11/26/2012, reported BROADWELL's participation at the University of Denver's Alumni Symposium, held in Denver, Colorado on 10/26/2012. The article reports that BROADWELL, in response to a question about PETRAEUS' role at the CIA, began to discuss the events in Benghazi that led to the killings of several US persons to include the Libyan Ambassador. The following excerpts are quotes from the article attributed to BROADWELL:

"The facts that just came out today were that the ground forces at the CIA annex, which is different from the Consulate, were requesting reinforcements...they were requesting the...it's called the Extremist Force, the group of Delta Force operators are very, the most talented guys we have in the military, they could have come and reinforced the Consulate and the CIA annex that were under attack...I don't know if a lot of you heard this but the CIA annex had taken a couple of Libyan militia members prisoner and they think the attack on the consulate was an effort to get these prisoners back...that is still being vetted."

"The challenging thing for General Petraeus is that in his new position, he is not allowed to communicate with the press...so he's known all of this... they had correspondence with the CIA station chief in Libya—within 24 hours, they kind of knew what was happening.."

She said he is unaware of what documents she received or maintained. In an interview conducted under Tampa Division investigation 288A-TP-74641, serial 58, investigated on 10/26/2012, PETRAEUS denied having any arrangements to provide BROADWELL with classified information.

Thanks [REDACTED]

(U) And thanks especially for pasting the cc's into the text for me - greatly appreciated!

(U) I'm happy to facilitate getting [REDACTED] whatever information she needs. We've been working on getting more information internally in response to some questions [REDACTED] and I threw around on the phone just after the holidays, as a result of which (as often happens) we've identified more questions to ask. We may all need to circle up at some point and I can provide a rundown. In the meantime, [REDACTED] would you like to send me a list of the information you need, and I'll work with OIG or whomever is most appropriate to track it down?

Apologies for copying [redacted] if you have already started your trial and are out of the loop.

Background: At the request of SSA [redacted] FBI Charlotte, I checked today with [redacted] CIA-OGC, regarding the possibility of [redacted] conducting some type of review of the newly-discovered [redacted] during his previously scheduled trip to the DC area next week, 13-17 Jan.

Copying this email to FBI Charlotte personnel, FBI WFO/NVRA/CART personnel, and [redacted] CIA-OGC. I am not copying AUSA [redacted] DOJ/CES Attorney [redacted] (now at trial, I believe), or DOJ/CES Attorney [redacted]

Regarding the newly-discovered [redacted] and for everyone's post-holiday awareness/as a reminder, I am including below the texts of three [redacted] emails from [redacted] 12/23/2013 and 12/24/2013. All of you should have received them before, but figured it would be simpler to include them again here. If you want to

review the emails, read from the bottom up starting with the email to me from [redacted] on 12/23/2013.

In coordination with [redacted] and if logistically possible, I believe it would be prudent and logical for [redacted] to go to CIAHQ sometime during the week of 13-17

[redacted] Please confirm whether it would be possible for [redacted] to visit CIAHQ and examine the [redacted] sometime next week. If not, possibly alternative arrangements can be made.

Previously, I gave a heads up to the folks at the NVRA for their possible needed assistance. Now, however, I am reminded the folks there have been "read-out" of the programs covering the [redacted] So, at this time, I don't think we will need your assistance.

[redacted]  
Apologies for copying [redacted] if you have already started your trial and are out of the loop.

Background: At the request of SSA [redacted] FBI Charlotte, I checked today with [redacted] regarding the possibility [redacted] conducting some type of review of the newly-discovered [redacted] during his previously scheduled trip to the DC area next week, 13-17 Jan. (S)

Today [redacted] and I exchanged the emails you see below regarding this matter. Due to spacing issues which commonly appear when [redacted] and I communicate, I re-copied the text of her last response email and pasted it below under my signature block.

Please review the email from [redacted] and let me/us [redacted] know whether DOJ has any issue with [redacted] conducting a review on [redacted] next week. Obviously, (S)

that assumes [redacted] will be able to iron out any other issues on her end.

We had a conversation [REDACTED] today that I wanted to pass along:

-CES is asking that we now identify a witness from DOD-CAF who can testify to the procedure of SCI indoctrination and execution of NDAs. [REDACTED] is working on this as well.
